

December 2017 Monthly Highlights

Series A - CWF101
Front End

The Caldwell Balanced Fund ("CBF") is an actively managed, well diversified portfolio of high quality North American equity and debt securities, which offers the potential for attractive total returns and long-term capital preservation.

KEY FEATURES

- High active share equity portfolio comprised of 20 to 30 stocks that possess compelling valuations, experienced management teams and strong balance sheets. No closet indexing.
- Enhanced risk-adjusted return potential through a complementary and proven strategy of tactically investing in government-guaranteed sovereign bonds in order to capitalize on anticipated changes in interest rates.

The information contained in this document is designed to provide general information related to investment alternatives and strategies and is not intended to be investment or any other advice applicable to the circumstances of individual investors. We strongly recommend you to consult with a financial advisor prior to making any investment decisions. Unless otherwise specified, information in this document is provided as of the date of first publication and will not be updated. All information herein is qualified in its entirety by the disclosure found in the CBF's most recently filed simplified prospectus. Information contained in this document has been obtained from sources we believe to be reliable, but we do not guarantee its accuracy. Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the prospectus before investing in this product. Unless otherwise indicated, rates of return are the historical annual compounded total returns including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any security holder that would have reduced returns. Mutual funds are not guaranteed; their values change frequently and past performance may not be repeated. The CBF is a publicly offered mutual fund that offers its securities pursuant to a simplified prospectus dated July 20, 2017. Inception Date: March 1, 1990. Principal distributor: Caldwell Securities Ltd.
